DISTANCE LEARNING COURSES

The purpose of Chipola College Distance Learning is to provide accessible, affordable, quality educational opportunities for area citizens through the use of technology. The college is committed to delivering instruction to students who are separated from their instructor by time and space, and providing high quality course offerings to students who cannot regularly attend campus classes and complete coursework by traditional methods. However, students enrolled in these courses may be required to take examinations on campus (or under the supervision of an approved proctor, that is, someone authorized by Chipola to conduct these tests) on the dates specified in the syllabus for each course. Course syllabus and assignments will be available online on Chipola College's eLearning Desire2Learn (d2l) system. Students taking a Distance Learning class must meet the placement testing and admissions requirements of the college. All college policies and deadlines apply. Coursework should be completed during the term it begins. Students must register during the registration dates listed in the college calendar. Students enrolled in any Distance Learning

classes will receive a letter from Chipola with instructions on how to access coursework through the d2l system. During the first week of classes, students must log in to the Chipola College Distance Learning Orientation at [www.chipola.edu/instruct/distance learning/index.htm](http://www.chipola.edu/instruct/distance%20learning/index.htm). Students should review the syllabus which will provide information regarding any instructional materials (such as the textbook or any other software required) and an overview of the d2l course content as well as the name, telephone number, and e-mail address of the instructor. Because a Distance Learning class has course materials online, students are expected to have an understanding of Internet basics and access to fast speed Internet. The Technology Center on the second level of the Library is equipped with 32 Internet workstations. These workstations are available to Chipola College students who present a current college ID. For Library and Technology Center hours, please call (850) 718-2274.
